

Disclaimer

1. Service Overview

1.1 Bigdots operates as an education consultancy and is not a Nationally Recognised Training Organisation (RTO) accredited by the National Vocational Education and Training Regulator (NVR). Our primary function is to connect students with accredited RTOs by providing relevant information about educational opportunities.

2. Collaboration with RTOs

2.1 Bigdots partners with various RTOs but does not directly offer or deliver any educational courses. Our commitment is to provide accurate and up-to-date information on RTOs, course names, and descriptions as displayed on our website. We ensure that the details we provide reflect the current offerings of our affiliated RTOs.

3. Course Details and Third-Party Agreements

3.1 Bigdots maintains valid third-party agreements for each course promoted on our platform, which are registered with the Australian Skills Quality Authority (ASQA) through the respective RTOs. This guarantees that all courses featured on our site are within the RTO's authorized scope of registration and adhere to Australian regulatory requirements.

4. RTO Authorization and Registration Scope

4.1 All RTOs listed on our website have given their explicit permission for their courses to be promoted. Bigdots ensures that the courses we advertise are within the officially recognized scope of our partner RTOs, as approved by ASQA.

5. RTO Contact Information and Queries

5.1 For any courses you enroll in, Bigdots will provide the necessary contact information for the relevant RTO. We recommend contacting the RTO directly with any questions, concerns, or complaints regarding course delivery or related issues.
